

**CONNECTIONS**

Sensor Type	Connections to POD			
	GND	SIG	+5V	+12V
Water level	√	√		

**Float switch (extended)**

Item  
40G03

**Note**

Connect only to Switch POD with Serial Number Sxxxx.

For use in situations where water levels need to be monitored.

**CALIBRATION**

None

**Orientation**

Vertical.

**Construction and Information**

- FLOAT SWITCH, VERT
- Contact Configuration: 1NC/1NO
- Max Contact Voltage AC: 50V
- Max Contact Current AC: 0.5A
- AC Power: 10VA
- Approval Bodies: UL
- DC Power: 10VA
- External Length / Height: 475mm
- Lead Length: 1.17m
- Material: Polyphenylene (Stem), Polypropylene (Float), PVC Class 7 (Body)
- Max Contact Current: 0.5A
- Max Contact Voltage DC: 50V
- Max Operating Temperature: 75°C
- Min Specific Gravity of Liquid: 0.85
- Min Temperature Operating: 0°C
- Series: RSF
