| Water level | √ | √ | | |

Float switch

Item
40G02

Note

Connect only to Switch POD with Serial Number Sxxxx.

For use in situations where tank water levels need to be monitored.

CALIBRATION

None

Orientation

Horizontal.

Can be reversed to Alert high level or low level.

Construction and Information

- FLOAT SWITCH, HORIZ
- Lead Length:0.5m
- Contact Configuration:SPST
- External Length / Height:87mm
- Fixing Hole Diameter:23mm
- Material:Glass Filled Polypropylene
- Max Contact Current:1A
- Max Operating Temperature:80°C
- Max Switching Voltage AC / DC:120V AC
- Min Specific Gravity of Liquid:0.65
- Min Switching Voltage AC / DC:100V DC
- Min Temperature Operating:0°C
- Power Rating:15W
- Series:LS
