

**CONNECTIONS**

Sensor Type	Connections to POD			
	GND	SIG	+5V	+12V
Temperature	white	white	red	red

**PT100**  
(temperature)  
ceramic

Item  
40G03

**Note**

Connect only to Temperature POD with Serial Number Txxxx

Cable can be extended without loss of accuracy.

**CALIBRATION**

None

**Orientation**

Any

**Construction / Specification**

Size	5.2mm diameter, 35mm long
Construction	Thin film PT100 sensor in ceramic sheath
Temperature range	-50 to +250 Deg C
Stability	+/- 0.05%
Cable length	450mm
Configuration	4 wire
